FAMILY-OWNED DOREN TOY COMPANY SCORES RARE TOY AWARDS TRIFECTA FOR FOROS

Foros Game Wins Three Top National Honors From Parents, Good Housekeeping, and Oppenheim Toy Portfolio All In One Incredible Year

Rockingham, VA (October 17, 2025) – In an extraordinary accomplishment that few toy companies ever achieve, family-run **Doren Toy Company** has captured a rare “trifecta” of major toy industry awards for its hit wooden strategy game, **FOROS**. The beautifully designed, fast-to-learn stacking game has earned recognition from three of the most respected names in the industry: **Parents Best Toys Awards 2025**, **Good Housekeeping’s 2025 Best Toy Awards**, and the **Oppenheim Toy Portfolio Gold Seal Award 2025**—all within the same year.

Winning even one of these awards is a huge achievement for any brand. For a small, family-owned publisher like Doren Toy Company to earn all three in a single year from Parents, Good Housekeeping, and Oppenheim Toy Portfolio is almost unheard of in the toy world. It is a rare and remarkable trifecta that underscores just how special FOROS is.

The Oppenheim Toy Portfolio, known for its independent, hands-on testing, called FOROS “*destined to become a classic.*” On the organization’s [official Instagram](#), Stephanie Oppenheim shared: “*The new board game Foros is destined to become a classic. Our testers loved that the board comes with two different sides to play on. The game play is much like a mash up of tic tac toe and Connect Four but with lovely wooden pieces. You can play one on one or in two teams. Great fun!*”

Crafted from beautiful maple wood, FOROS’ innovative 3D gameplay invites players to think strategically, stack cleverly, and engage socially, whether it is family game night or friendly competition among friends. The game’s blend of simplicity and sophistication has made it a standout in the “big kids” category and a favorite among parents, educators, and toy testers alike.

FOROS • Ages 6+ • \$39.99

ABOUT DOREN TOY COMPANY

Dr. Ken Scheel is both a veterinarian and a visionary inventor! He introduced the world to KEVA Planks, fostering creativity through simple precision cut identical building blocks. Today FOROS, a 3-dimensional stacking game that is quick to learn, easy to play, is crafted from beautiful maple wood. The name “Doren” pays homage to Ken’s journey, derived from a combination of his own name and that of his art teacher wife Dorothy. The family business continues to inspire imaginative play and exploration through Doren Toy Company’s innovative creations including iconic FlingSock[®], providing the revolutionary game of catch for all skill levels.
