VOICEGIFT HELPS MAKE MOTHER'S DAY EVEN MORE SPECIAL FOR BOTH MOM AND CHILD!

Give Moms the Most Treasured Gift of All: The Gift of Your Voice!

Westport, CT (April 13, 2026) – If there's one thing moms and grandmoms love more than anything else, it's their children (and grandkids). Gifts can show that you care, but they'll never be a substitute for your presence. Well, never say never! Thanks to sound recording accessories developed by **VoiceGift**, it doesn't have to be either/or. Products from VoiceGift like their **Tags**, **Voice-Over**, and **PLAY** allow you to leave mom special messages in your own words and with your own unique voice that she loves so much. Inject any gift with a little piece of yourself, giving mom the gift of your inimitable presence, whether near or far. Remove the barrier of the written word and speak directly from the heart to let her know how much she means to you! She'll certainly appreciate the gesture.

On Mother's Day we still call our moms... call volumes actually peak by 10% on Mother's Day. With VoiceGift, mom can hear the voices of those she loves every day of the year and share with pride with her friends and family.

No matter what you get for mom this Mother's Day, pairing it with a **VoiceGift Tag (\$13.00 each)** will up the wow factor and make it one to remember. Let her know the significance of your gift ("I know you've been wanting this" or "I thought you might be able to use this!") in your own words. VoiceGift Tags record up to 60 seconds of crisp audio so that your voice comes through clear as can be to brighten mom's day. But that's not all, the Tag recorder is high fidelity enough for music, so send her a bit of a song you both love without fear of muffling or static. Acid-free paper covers the outside of the Tag, offering two 3" x 4.25" sides to decorate with supplementary messages in writing. Mail-safe and can be replayed up to 300 times, a Tag is a perfect way to make any gift to mom even more impactful.

The **Voice-Over (\$14.99)** is an amazing gift for Mom, since it can be highly specific, or super open-ended! Voice-Overs are compact recorders that come with up to 60 seconds of recording space which can be split among multiple messages. The handy adhesive mounting tape lets you stick it to anything you want, be it the back of a framed picture of you and mom, or inside the lid of a container of her favorite snack. It even has

options for how to play your message – button activated or light-sensitive. Use the light-sensitive setting to automatically play your message the moment that mom opens her gift. Or opt for the button activated option to pair with a framed, special photo so mom can listen to the accompanying message in your voice whenever she wants. Voice-Over allows you to express even more intention and thought in your gift-giving!

But it's not all about voice, moms love to look at their kids too, especially old photos from when they were in their younger years. Instantly breathe new dimension into any family photo album using the VoiceGift **PLAY®** (**\$60.00**). Play is a remote-control-sized device versatile enough for any recording purpose; notes, directions, stories or narration, PLAY has you covered. The PLAY remote has 10 buttons, 0-9 allowing you to record up to 999 different voice messages spanning 10 hours in total. Label each photo in an album or scrapbook with a number and record an anecdote for each. Then family, friends, or mom herself can press the corresponding combination on the PLAY to hear your story for each picture. Get together with the rest of the family to record messages of gratitude and appreciation like, “this is my favorite activity to do together with mom” or “I’ll always remember this day I spent with her!” It’s also a perfect gift served brand-new for scrapbooking moms to take their craft to the next level!

Whether for Mother’s Day or any other gift-giving occasion, find out more about VoiceGift products by visiting their website at <https://voice.gift/> or their [Amazon storefront](#). Make this Mother’s Day one she’ll never forget with a little help from VoiceGift!

About VoiceGift

Since the year 2000, VoiceGift had the vision of making it easy for people to add a personal touch to their gifts, crafts, and memories. We offer a wide variety of recordable gift tags and voice boxes that are perfect for any occasion. Our voice is the best way to express ourselves. Whether you want to give a gift, capture a memory or a feeling, we want to help make every personal gift more personal. Because there’s no substitution for the voice of those closest to us or the music we love to listen to. Our suppliers are compliant with the International Council of Toy Industries (ICTI), CARE (Caring, Awareness, Responsible, Ethical) certification, or comparable designation. These programs promote ethical manufacturing, from fair labor treatment to employee health and safety, in the toy industry worldwide.
